

KALIX CONTACTLESS.

Mains-fed Water Cooler

OASIS' classic KALIX has become fully CONTACTLESS.

Kalix Contactless uses advanced infrared sensors for an accessible gesture-based activation which also eliminates any concerns of cross-contamination from pathogens and viruses. This new technology provides all users with quick and easy water from a safe source.

Kalix Contactless provides two types of water temperature options. Ambient and cold or hot* and cold water options are available.

FEATURES

- Front door panel allows for easy access to filters
- Pressure Vessel Direct Chill technology
- Integrated cup dispenser
- Optional factory installed green filter system
- Optional mechanical auto-drain

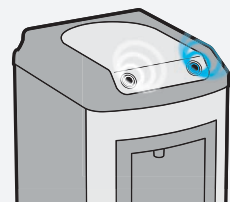

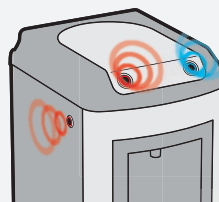

CONTACTLESS

- Advanced infrared sensors for hygienic dispensing
- Eliminating risks of infection from touching surfaces
- Intuitive interface provides ease of use
